   Army Chemical Center, Md.
   Residence: 5903 Walther Ave., Baltimore 6, Md.

10. Richard Williams, Safety Officer
    U. S. Army Chemical Arsenal, Edgewood
    Army Chemical Center, Md.
    Residence: Room 9, Bldg. 215, Army Chemical Center, Md.
December 31, 1962

Mr. A. C. Blackman  
c/o American Society of Safety Engineers  
5 North Wabash Avenue Suite 1705  
Chicago 2, Illinois

Dear Mr. Blackman:

For many years in the Baltimore area attempts to form an A.S.S.E. Chapter have been unsuccessful. However, in September of 1961, a group of more than 70 men were assembled in response to a questionnaire and invitation to make one last effort to acquire A.S.S.E. affiliation. With the very fine cooperation of Mr. Art Christian and yourself, this group has been meeting monthly as the Chesapeake Society of Safety Engineers. Minutes of these meetings have been forwarded to the American Society of Safety Engineers each month.

Through cooperative agreement with the Washington Chapter of A.S.S.E. our group expects to draw membership from the entire state of Maryland with the exclusion of Prince George's and Montgomery Counties wherein many of the Washington Chapter members reside.

We include herewith, (1) a listing of our present officers, (2) the Constitution and By-Laws of the Chesapeake Society of Safety Engineers, (3) an area map showing our anticipated boundaries, (4) a letter from the Washington Chapter agreeing to our proposed boundaries, (5) a complete list of our membership with most recent business connection, addresses, type of membership.

Twenty-one members are already members of A.S.S.E., thirty-eight applications have been sent to Chicago for processing, and approximately seventeen more are being processed locally for ultimate submittal to your office. There are approximately 20 other men who will join if and when we are affiliated with A.S.S.E.

We feel that we have hereby met all conditions for acceptance into your organization and are most desirous of securing affiliation at the very earliest possible time. It has been a struggle over a long period and this group is quite anxious to qualify.
We hereby petition for membership into the American Society of Safety Engineers in the hope that your Executive Committee and Board of Directors will look favorably on our request so that we might become the Chesapeake Chapter of that fine group.

I would like to add my personal gratitude to you, to Mr. Christian, and to others who have been so very helpful to us and understanding of our position.

Yours very sincerely,

Leonard Wozny, Jr.
President,
Chesapeake Society of Safety Engineers

cc: Mr. H. C. Lamb
    Mr. A. Christian

K. C. Robinson, Vice President
J. H. Shofstal, Secretary
P. P. Lucansky, Treasurer
